DESSO

Linon & Linon Unity

CARPET TILES

Tarkett

TIMELESS YET
CONTEMPORARY

Inspired by the enduring charm and tactility of irregular woven fabrics, the DESSO Linon collection helps you craft welcoming interiors that nurture creative days at the office. Now, the design possibilities are even greater as we introduce Linon Unity—expanding the Linon palette of grounding neutrals and fresh accents with a set of expressive multicolours.

WITH A
CRAFTED TOUCH

As always, circularity is built in from the very start. We make each structured loop carpet tile from an easily disassembled combination of PA6 solution-dyed yarn with 75% recycled content and an EcoBase® backing, providing a long-lasting solution that we welcome back for recycling at the end of a life well-served.

BOUNDLESS
INTERIOR POTENTIAL

A rich and comforting texture mingles with modern and flexible colour ways. Linon and Linon Unity offer a combined palette of 30 neutral, accent, and variegated multicolours that all work harmoniously together—allowing you to mix and match, play with zoning and be as creative as you want.

PRIMED FOR OFFICE
LANDSCAPES BIG AND SMALL

The office of tomorrow is flexible, collaborative, and multifunctional. More than carpet tiles, Linon and Linon Unity serve as tools for creating an engaging and comfortable office environment. Ideal for open office layouts, mix and match colours to define space functions–from meeting rooms to recreational areas, create pattern effects, illuminate pathways, and introduce interesting layers of dimension.

THE BEAUTY OF CIRCULARITY

At Tarkett, our approach to circularity focuses on three key areas: design, materials and circular journey. For us, the beauty of circularity is about the beauty of the reused materials that go into our products, the innovative manufacturing processes we implement, and the knowledge that we're actively cutting down on waste and greenhouse gas emissions.

THE EVOLUTION
OF ECOBASE

Over a decade ago we made a commitment to place circularity at the core of our ambitions as a company. Our carpet tiles are composed of two key components – yarn and EcoBase backing – that come together just as neatly as they can later be taken apart. As part of our continuous efforts to reduce our carbon footprint we are proud to introduce a new and improved EcoBase backing, which sees a new bio-based ingredient replace a core ingredient formerly composed of petroleum-based content.

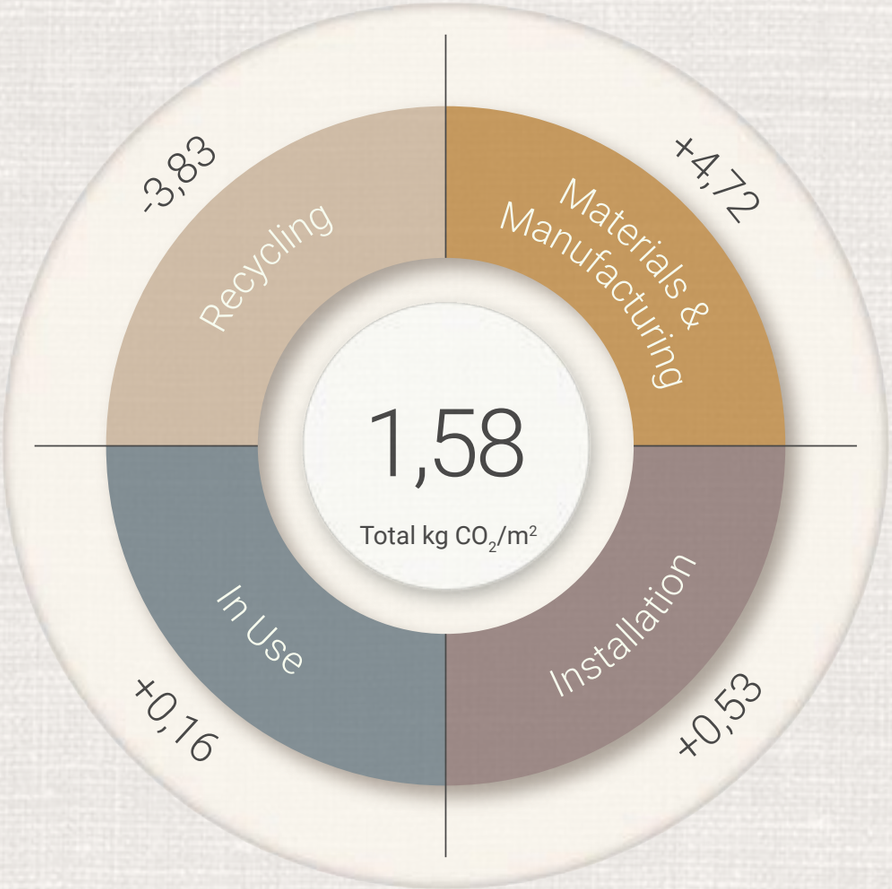

OUR CIRCULAR
CARBON FOOTPRINT

Together with our holistic design approach and carefully considered materials, our closed-loop system ensures that our carpet tiles record an impressively low circular carbon footprint – one we're continually working, alongside our partners and customers, to shrink even further.

Circular Carbon Footprint: according to the Environmental Product Declaration EPD-IES-0017663 DESSO Linon Unity externally verified by Bureau Veritas, based on the total carbon footprint (Modules A-D) with a closed loop circular recycling scenario

Tarkett Human-Conscious Design®

Tarkett Human-Conscious Design® is our pledge to stand with present and future generations. To create flooring and sports surfaces that are good for people and for the planet. And to do it every day.

We deliver on this through the synergy of three commitments:
1 Deep human understanding
2 Conscious choices. For people and planet
3 With you. Every step of the way
